9:00 - 2:00

## ANNUAL RUNNING BOARD PICNIC AND OPEN HOUSE

Bring a picnic lunch, meet long-time friends, and join the Ice Cream Social. Drinks are provided. Enjoy viewing the older bottles and autos. Rain date Sunday, July 20.

## MAKE YOUR YARD SALE PLANS NOW

Reservations are already being made for tables at this year's Super Yard Sale on August 23.

Donation is \$20 per table—call Edna at 667-9276. This year's proceeds will benefit the Building Fund.

### ANNUAL CLEAN-UP DAY

June 7 brought out members and helpers to clean up the outside area and the basement. The inside is well dusted and cleaned.

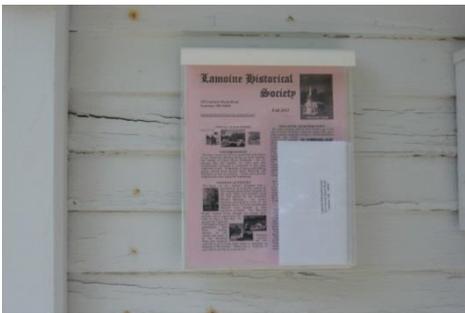

### WORK PROCEEDS ON MINIATURE CHURCH

One of Lamoine Historical Society's good neighbors, Sue Hibbs, has been busy refinishing the interior furnishings. Contacts are being made to repair the exterior of the special little building. Inside painting and carpet replacement will be completed by members who will "fit" inside.

### OCTOBER IS OUR MONTH FOR BOTTLE RETURN DEPOSITS

Returnable containers left at the transfer station during the month of October will benefit the historical society's treasury. The bottles refunds really add up, last year \$367.30.

### PLEASE HELP YOURSELF

Copies of programs, newsletters, membership forms, etc. are available beside the right side door of the building for visitors' information if you arrive at a time when the building is not open. Please help yourself. U R always welcome.

### VISIT US ON FACEBOOK

Everyone is encouraged to visit and add comments to Lamoine Historical Society's Facebook site. Maybe you have photos that survived through the years and you would be willing to share with historical society members, old friends and Lamoine residents. Muffet does a

super job keeping us up to date with event date and time reminders.

### DRY BASEMENT REPORT

Building Committee members were pleased to find a dry basement each time they checked during the winter and spring months. This is particularly good news after so many years of dealing with finding water each time. Joe said he will clean the drain of roots regularly!

### MEMBERSHIP

We are so very grateful to all the members who continue to join the Lamoine Historical Society yearly - our dues help to keep the lights on, and to all those who advertise in the Lamoine Calendar (to whom we will be sending our newsletter each summer)! It is important to spread the word about all the great events each year, so please feel free to let us know of anyone who would like to be on our snail or email list. They do not have to live in Lamoine, they only need to be interested in our history!

**Apr. 2, 1885**—The Ellsworth American  
"The weather for the past week has been as capricious as a women of uncertain age and marriageable prospects. Sunshine and shade, breezes and calms, storms and gales, alternating with melting juiciness or down pouring of rain or snow. Fickle, transient ever, and so our season marches on." Prof. J. C. Winterbotham
