Second grade has been studying the life cycle of Painted Lady butterflies. They emerged from their chrysalises on Sunday and Monday, and were released on Wednesday! It was very exciting!!! This year they tried something new and dipped their fingers in sugar water. This attracted the butterflies and several of the children were able to hold one! Such fun!!!

See any 8th grader to purchase your chance to win \$500 worth of the heating fuel of your choice.....Wood, oil, propane, pellets....whatever heating fuel you use! Tickets are \$10 each.
