

# Lamoine 150's GREAT SARDINE CATCH !

Did you know that Lamoine was once a well-known herring fishing port? Yes, schooners from Lamoine caught loads of herring out in the Atlantic and brought them back to be salted, dried, and canned as sardines.

**WE'RE INVITING YOU TO SHOW OFF  
A LAMOINE SARDINE !!**

MAKE A SARDINE from anything handy. Paint it, decorate it, spiff it up to show it off to your neighbors! Then put it in a window, in a tree, in the front yard to SHOW YOUR PRIDE IN LAMOINE AND ITS HISTORY! Send a PHOTO of you and your sardine to [Lamoine150@gmail.com](mailto:Lamoine150@gmail.com).

THEN TOUR AROUND town to enjoy all the sardines swimming around our great community!

Around May 15, the Lamoine 150! Committee will put together a video SARDINE TOUR to share with us all!

Stay Well. Keep Safe Distances. Eat Sardines!
