Work of this group in actively planning for the future: Advocating for Pre-K education in the Lamoine School; moving and remodeling the school library and stocking it with books and a setting appropriate for pre-school children. Regular meetings on the 2nd Thursday of the month in the school library. Topics have included gun safety and fire safety. Established a morning play group in the church on day a week.

Expressed concerns of group relating to focus or primary responsibility: Reducing barriers to families with young children moving to, and remaining in, Lamoine; establishment of a community center on the school grounds for public meetings, a superintendent's office library and children's space; adequate day care, nursery school and child care in Lamoine. Make the school a part of community life in Lamoine for everyone.

Expressed concerns of individuals on matters not related to focus or primary responsibility: Day space for both old and young while parents and caregivers work; job opportunities and affordable housing for families with small children; sidewalks; events that would attract the summer people in Lamoine to community activities.
