Again, please add bike lanes to the roads. I am flipped the middle finger by rednecks at least once a ride just for biking on the roads. Also, the Buttermilk Road is a dumping ground for litterers. It's disgusting. At least start enforcing the littering law there. I am concerned for the animals with all of the plastic.

**Q45: Are there any additional items of concern to you that we did not cover in the survey? Describe them here:**

1. The community needs to make itself more desirable and affordable for young people and especially young families in order to remain a balanced community. 2. We also need to continue encouraging citizens to volunteer and have a voice in making Lamoine a more fulfilling place for everyone to live in. 3. Finally, we need to encourage limited commercial development that is compatible with the overall residential character of the town (and discourage industrial development, including unfettered (ie., w/o restoration) gravel extraction of the sort we've experienced so far).

I would like to see better use of the school building. Maybe have adult volleyball and square/line dancing in the evening during winter and softball in the summer. (May need lights on the field). It might also be nice to have members of the community offer to teach classes, like local history, State history, basic electrical or other interesting things.

**Q45: Are there any additional items of concern to you that we did not cover in the survey? Describe them here:**

It would be nice if we had a local constable or officer that was dedicated to Lamoine. It would also be nice to have more streetlights around the town like at some intersections that are heavily used. I myself would also like to see areas near intersections trimmed back a little more i.e. the Walker Rd and the Mill Road and the Walker Road and Pinkhams Flat Rd. I think line of site is poor in these locations especially when so many people are traveling much faster than the posted speed limit.

**Q45: Are there any additional items of concern to you that we did not cover in the survey? Describe them here:**

Very concerned about town government's double standard---to be completely confident that it has the right to regulate residents on all kinds of activities in order to preserve Lamoine's lovely resources and character while allowing the vast increase in open-pit mining over the last 40 years, with virtually no restoration of unused pits, threats to water, and persistent noise, truck traffic, and general environmental degradation. Even more concerned that the town government is willing to spend countless hours and costs to placate the industry's desires in lieu of standing up once and for all to significantly curtail and regulate this heavy industry in a residential town. The constant threat of lawsuits against the town by the industry and its complete failure over decades to clean up its act will not end until the town stands up to it, even if that requires going to court. Re-writing of ordinances that were hard-won and giving in to industry demands in return for only trusting it to do the right thing, although it has no history of doing so, is exactly the wrong thing to do. rather than to stand up and represent and defend its resident constituents.

The argumentative manner in which some board meetings are conducted; particularly the Planning Board leaves one with the feeling that Lamoine is a dysfunctional community. A "comprehensive plan" should included resolving issues, ie: gravel pit vs. environmental issues, etc., with a true community spirit instead of open animosity.

Affordable cost of housing,  
 Beauty of the woods and sea ,  
 The small town atmosphere, Reasonable taxes

**Q45: Are there any additional items of concern to you that we did not cover in the survey? Describe them here:**

Mud Creek Rd, Pinkham Flats to Jordan River Rd offer a well-used shortcut for folks who live further east but work on the island. Is there a way to get them to take another route or at least slow down? Hopefully some of this will be alleviated when Jackson Lab opens up their Ellsworth facility.

  2. Protect our ground water and aquifer. a. Restrict use of pesticides/herbicides/insecticides within xx feet of wetlands, ocean and ponds. b. regulate waste water dumping from recreational vehicles after extended stays when their holding tanks are full c. gravel extraction monitoring is a municipal responsibility for the future.
  3. Land use ordinance addition: no new construction or new projects (such as planting large trees) can obstruct the view of existing residences
  4. Fund the Code Enforcement position for more hours than current funding/time commitment. In a growing town, there is a need.

**Q45: Are there any additional items of concern to you that we did not cover in the survey? Describe them here:**

1. Lamoine must move towards a more equitable tax structure. The heavy dump truck traffic is the cause for the rapid deterioration of our roads. Therefore, for example, the sand and gravel industry should pay for the reconstruction of Rt 184 north of town hall.

2. Are we prepared to deal with issues of global warming? Lamoine should identify these issues that relate to a small rural town with a very distributed population (no significant neighborhoods to speak of) and to develop a plan to deal with them in order "to be resilient".
