

The Lamoine Conservation Commission
Invites you to a presentation of

Woodland Stewardship Stories

March 25, 2014 6:30-8:30 pm Lamoine Town Hall

Presenters: **Andy Shultz**, Maine Forest Service & **Steve MacDonald**, Prentiss & Carlisle Co.

Would you like to
benefit more from your
woodland?

Would you like to learn
how other landowners
are benefiting from
their woodland?

Andy Shultz, MFS Landowner Outreach Forester, and Steve MacDonald, Forester for Prentiss & Carlisle Co., will present real life examples of woodland owners from Hancock and Washington Counties who are actively managing their woodland to meet their personal objectives. We'll see why each landowner values their woodland and how they protect and improve those values through timber harvesting and other management practices. Many of the landowners, foresters and logging contractors involved will also be present to share experiences and advice and to answer questions other landowners might have.

Cost: Free!
