Education Budget Articles

12. To see what sum the Town will authorize the School Committee to expend for school department personnel costs. *(The School Committee and Budget Committee recommend \$899,101.72).*
13. To see what sum the Town will authorize the School Committee to expend for school department operating costs. *(The School Committee and Budget Committee recommend \$1,223,571.75).*
14. To see what sum the Town will authorize the School Committee to expend for school department capital improvements. *(The School Committee and Budget Committee recommend \$7,600.00)*

The figures contained in Articles 15 through 17 are estimates that may be amended at Town Meeting. These articles were prepared for publication prior to legislative action on funding for education.

15. To see what sum the Town will appropriate for the school administrative unit's contribution to the total cost of funding public education from kindergarten through grade 12 *as described in the Essential Programs and Services Funding Act* and to see what sum the Town will raise as the Town's contribution to the total cost of funding public education from kindergarten to grade 12 *as described in the Essential Programs and Services Funding Act* in accordance with the Maine Revised Statutes, Title 20-A, section 15688.

(The School Committee and Budget Committee recommend a total of \$1,835,645.28 with a local contribution of \$1,331,624.06 and a state contribution of \$504,021.22).

Explanation: The school administrative unit's contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act is the amount of money determined by state law that a municipality must raise in order to receive the full amount of state dollars.

16. Shall the Town raise and appropriate \$140,359.68 in additional local funds, which exceeds the States Essential Programs and Services funding model by \$140,359.68?

(The school committee and budget committee recommend \$140,359.68 for the following reasons: the Essential Programs and Services funding formula is structured to reward larger, more urban districts and penalize smaller and rural districts with the policy objective of persuading the smaller districts to consolidate. As student enrollment continues to remain static and/or decline, the formula will calculate lower EPS total allocations, requiring additional local support to provide educational programs. If local property valuations increase at a rate faster than the state average, this situation will only be made worse.)

Explanation: The additional local funds are those that are locally raised funds over and above the school administrative unit's local contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act and the local amounts raised for annual debt service payment on non-state-funded school construction projects or the non-state-funded portion of a school construction project that will help achieve the Town's budget for educational purposes.

17. **Total Budget** – *(A school administrative unit must include a summary article indicating the total annual budget for funding public education from kindergarten to grade 12. The amount recommended is the gross budget of the school department. This article doesn't provide money unless the other articles are approved).*

To see what sum the Town will authorize the School Committee to expend for the fiscal year beginning July 1, 2006 and ending June 30, 2007 from the school administrative unit's contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act, non-state-funded school construction projects, additional local funds for school purposes under the Maine Revised Statutes, Title 20-A, section 15690, unexpended balances, tuition receipts, local appropriations, state subsidy, and other receipts for the support of schools.

(The School Committee and Budget Committee recommend \$2,130,273.47).

- 18. To see if the Town will authorize the Board of Assessors to reduce the real estate and personal property tax commitment by an amount not to exceed any additional amount the town may receive from the foundation allocation or debt service allocation once the Maine Legislature has established those amounts. *(The Budget Committee recommends a vote in favor)*

Non Education Articles

To see what sum the Town will vote to raise and appropriate for Administration and to set the salaries of the following elected officers whose salaries will be paid from the Administration Account of the General Fund, and to authorize the Board of Selectmen to establish the rate of compensation for appointed officials.

Assessor (Chair)	\$1,250.00	\$1,250.00
Assessor (non-chair, 2 positions)	\$950.00	\$950.00

(The Budget Committee recommends \$143,546.50 and the salaries as outlined above and the Selectmen recommend \$138,056.35 with the salary recommendations listed above. The difference in the budget is greater than the difference in the recommended salaries due to increased FICA/Medicare costs with differing salaries.)
